#### 10:30 NORM CROSBY ON LOCATION

Double-talk is double-fun. p.15

**END OF THE GAME** Robert Shaw and Jacqueline Bisset, both starring in *The Deep*, highlight the fine acting in this complex thriller directed by Maximilian Schell. Martin Ritt is a frumpy Swiss Columbo matching wits with wealthy businessman Shaw. The "game" is a long-standing bet that Ritt, who saw Shaw murder a woman thirty years before, cannot now bring him to justice. Ritt's plot to entwine him is a fascinating bit of deadly gamesmanship. Also stars Jon Voight plus Donald Sutherland in a cameo role as a corpse. *Some violence.* (PG-1:43) **August 26, 28**

## World Team Tennis

The pressure and excitement are building in World Team Tennis as HBO continues its live coverage of playoff matches on Saturday, **August 27**

**Dateline: 1981... Nuclear blackmail... and the President is taken hostage**

Defrocked, leftist general Burt Lancaster hijacks a missile base and threatens to set off nine Titan ICMs and a world war unless he receives 10 million dollars, the President as a hostage and a public explanation of the real reason behind the Vietnam war. Robert Aldrich directed this tense and engrossing film with Burt Young (*Rocky*), Richard Widmark, Charles Durning, Melvyn Douglas and Paul Winfield handing in sparkling performances. *Strong language and violence.* (R-2:24) **August 28**

## Blume in Love

George Segal is Blume—a lawyer who falls out of marriage but stays hopelessly in love with ex-wife Susan Anspach. When Kris Kristofferson moves in, Blume turns into a jangled and jealous suitor, desperately trying to win her back. A wealth of good acting amid the hilarity of a decidedly modern dilemma. *Language and love scenes.* (R-1:57) **Encores August 27, 29, 31**

### BREAKHEART PASS

Charles Bronson stars in a neat blend of whodunit and the Old West. The complex plot involves the U.S. Cavalry, some hostile Piute Indians and a pile of gold that everybody wants to own. All the complications come together aboard a train speeding through the snow-bound Idaho mountains—and no one is quite what he appears to be. One death after another occurs. Who's the murderer? And who's next? *Violence*. (PG-1:35) Encores **August 20,31**

### AL PACINO in DOG DAY AFTERNOON

Al Pacino is the befuddled "brains" behind an incredible Brooklyn bank robbery that starts as a 10-minute caper and ends as a 12-hour circus—complete with cops, crowds and TV coverage. The film has biting humor and an electric performance by Pacino. *Sirong language, mature theme*. (R-2:05) Encores **August 3,19,30**

### WRESTLING

It's the World Wide Wrestling Federation Championship. Vince McMahon will do the throw-by-throw. **August 30**

### World Team Tennis

# HBO SOUNDTRACK

Dear Sir,

We loved *Godfather II* and especially enjoyed that spooky *Stranger in the House*, although I had never even heard of it. Let's have more of these thrillers in the future!

Sincerely,  
Tom Genar

Dear HBO:

I'm beginning to wonder about some of your movie choices. I just saw *Stranger in the House*—and I was really surprised that you'd show this kind of film. Why can't all of your programs be more like that beautiful animal movie?

Thank you,  
A concerned viewer

These are typical examples of letters we receive—two different reactions to the exact same program. Our research and your letters indicate that HBO viewers really enjoy most of the movies we show. The important word is "most," since not even HBO can please all of the viewers all of the time. Obviously you don't go to see every new movie that comes to town, because they don't all appeal to you. In the same way, not every movie shown on HBO will appeal to you either. However, by bringing you nearly all of the major Hollywood releases, Home Box Office offers you a great variety from which to choose. Some people like mysteries, some people like comedies, some want adventure and some people will see anything as long as Robert Redford is in it. That's what makes movies—and HBO—so interesting.

Another important point brought out in the two letters above is that one movie, although relatively unknown, was extremely well liked. By now you've probably discovered what our research also confirms—that many of the movies you've liked best weren't always the "box office hits." So don't overlook those titles that are new to you. In fact, that's one of the reasons we've added more pictures of movies to our Highlights page.

Due to delayed mail deliveries during the Labor Day weekend, your September guide may arrive a little late. Therefore, we've listed the schedule for the first five days on page 23 of this guide.

Speaking of September, we have a great fall season coming up! Big movies like *All the President's Men*, *Lipstick*, *Ode to Billy Joe*—and lots of new special programs are in the works. Also there's a brand new football show starting in September which we'll tell you more about next month. September, October, November—all season long—you'll enjoy HBO, The Great Entertainment Alternative.
